

Schools must use the funding to make **additional and sustainable** improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Please visit gov.uk for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement. This document will help you to review your provision and to report your spend. DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and Sport Premium.

Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your students now and why? Use the space below to reflect on previous spend, identify current need and priorities for the future.

Key achievements to date:

In January 2017 the quality of PE teaching in school was not good. With the exception of swimming. PE was not taught regularly or consistently by all teachers and teacher confidence was poor in many areas. The number of clubs available to children at MRJS was limited and the school had not achieved well swimming was also severely disrupted. This will be addressed within the at HSSP competitions.

From Easter 2017 to the start of the pandemic in March 2020, the range of clubs available to children of all abilities has increased considerably – there were over 600 club spaces each week prior to the first lockdown. The quality of PE teaching has improved across the school with specialist staff leading different aspects of PE and working alongside all class teachers to develop their team are developing in their role. own confidence and quality of teaching and learning (where teachers have delivered PE themselves). MRJS teams have competed successfully in a number of sports during this time at both local and County level. The quality of education in PE was a strength of the school prior to the pandemic.

Areas for further improvement and baseline evidence of need:

During the pandemic, the approach to PE has had to change as a response to risk assessments limiting how equipment could be used and the need to reestablish the foundations of physical health for our pupils. The teaching of academic year 2021-2022 with a significant weighting on the teaching of swimming for 12 months before we revert back to a more balanced PE curriculum.

With the previous headteacher leaving at the end of the last academic year, there is a new leadership team for PE within school and half of the teaching

Continue to develop the quality of teaching in PE for all children and teachers with a focus on subject knowledge and pedagogy for staff.

To refine and embed an assessment system for PE so that we can evaluate the impact our curriculum has on children's knowledge, understanding and performance levels.

Increased levels of activity at lunch and break time.

Increased opportunities for all pupils to participate in inter-house and school competitions.

Ensure good quality performance outcomes in dance and gymnastics.

Meeting national curriculum requirements for swimming and water safety July 2021	Please complete all of the below:
What percentage of your Year 6 pupils could swim competently, confidently and proficiently over a distance of at least 25 metres when they left your primary school at the end of last academic year? 2022: Year 6 was made up on 82 pupils.	86% (12 pupils)* Review 2022: 81% (15pupils)
What percentage of your Year 6 pupils could use a range of strokes effectively [for example, front crawl, backstroke and breaststroke] when they left your primary school at the end of last academic year?	76% (20 pupils)* Review 2022: 81% (15pupils)
What percentage of your Year 6 pupils could perform safe self-rescue in different water-based situations when they left your primary school at the end of last academic year?	95% (4 pupils)* Review 2022: 94% (5 pupils)
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	In the academic year 2021-2022, each class will have 39 hours of swimming provision. This is significantly greater than the normal provision in light of the disruption to the teaching of swimming from March 2020. In effect this will provide a recovery curriculum for those pupils least likely to achieve the expectations of the national curriculum from an early age as well as ensuring that all children make very good progress from their starting points in September 2021. Review 2022: This provision was put in to place. Pupils at MRJS swam weekly for the academic year 2021 2022.

^{*}these figures are significantly lower than in previous years and are a reflection on the reduction of swimming for our pupils as a result of the Covid-19 pandemic.

Action Plan and Budget Tracking

Capture your intended annual spend against the 5 key indicators. Clarify the success criteria and evidence of impact that you intend to measure to evaluate for students today and for the future.

Academic Year: 2020-2021	Total fund allocated: £18,850 + carry forward from 2020-21 = £30,020.19 Total spent:	Date Updated: September 2021		
Key indicator 1: The engagement of <u>all</u> pupils in regular physical activity – Chief Medical Officer guidelines recommend that primary school children undertake at least 30 minutes of physical activity a day in school			Percentage of total allocation: Total spend: £5780	
School focus with clarity on intended impact on pupils:	Actions to achieve:	Funding allocated:	Evidence and impact:	Sustainability and suggested next steps:
To increase levels of physical activity during lunch and break time for all pupils through structured and informal sporting activities with the aim of 80% of our children engaging in this on a regular basis (3 times a week or more)	Purchasing of equipment specifically for break and lunchtime to increase engagement in physical activity – skipping ropes, hoops, speed bounce, triple jump mats x 2, reversa boards and basketballs (for four square and basketball). Lunchtime and breaktime staff to engage children in physical activity.	£2817 salary for one GM at lunchtime £1411.12 equipment and markings	What proportion of children are engaging in the physical play at least 3 times a week? Is it at or above 80%? If not, what is the barrier to this being achieved?	Playzone to evolve on a half termly basis according to feedback from children within pupil conferencing completed by Ricky (overseen by Nicola).
To re-establish 'Change 4 Life' clubs targeting our least active and more vulnerable children in school. Sport is a great way to support children in developing friendships, confidence and different social and emotional skills. All children invited attend regularly and the skills and games they learn support them in developing and sustaining friendships; increasing their levels of physical activity and support their	that they can replicate with parents and carers at home.	£867 (GM two clubs a week for 30 weeks) £665.40 (2hrs of cookery club for 10 weeks each term).	Do the invited children attending regularly (90%) and with good punctuality? Is there evidence of these children being more physically active away from Change for life club? Are they better able to play with others at break and lunchtime as a result of their attendance? Change 4 Life Club took place.	training invested in him will continue to impact on our pupils in years to come. GM is a permanent member of

social and emotional development. lattendance and engagement. permitting, this will also become a permanent position. Inter house competitions to take part RT to establish fixtures, invite £221.80 for two This is sustainable if school in the summer term after school for children, train junior officials and sessions a week Do children not currently maintain the same approach to those children not engaged in lead weekly inter house engaged in inter school the after school provision for in the summer representing the school in Havant competitions for children in all year competitions participate PF. lterm School Games competitions – 2 groups in the summer term of 2022. successfully in inter house evenings will be committed to this £59.50 (two competitions? In the following one for upper and one for lower lafternoons for lacademic year, monitor the school with a different fixture and or RT to train proportion of these children young officials) who represent the school in group of children participating each week. Havant School Game competitions? Review 2022: Children were involved in a Hockey Taster session (all of Year 4 and all of Year 5 – 116 chn). Quadkids – Year ¾ (8 chn); Tag Rugby (18 chn); Hawks U11 Football Tournament (13 chn) Supported by.
