Mill Rythe Junior School

Headteacher – Mrs D Maxwell

Headteacher's Message

Dear Parents and Carers

January seemed to zoom past! We are already at the start of February.

Thank you to our PTA

We are so fortunate to have such a committed PTA who are always looking to provide those extra special things and experiences for our children. This week, we received two more giant Noughts and Crosses games and two giant Jenga games for the children to enjoy at lunchtime. Thank you so much for your generosity. On behalf of the children, I would like to say thank you!

Class Assemblies

We have had another two class assemblies this week. It was wonderful to welcome so many families from 6C and 4S. Thank you for coming in to share the children's learning. Next week it is the turn of 5F, 3W, 6G, 3G and 3C. What a busy week! We hope you can make it.

Parents' Evenings

Feedback from parents and teachers has been very positive following this week's parents evenings. Thank you for your continued support. Once again, parents evenings were very well attended – 229 of children had a parent meeting booked. If you have not yet made an appointment, please contact the school office to arrange one. We too will be chasing as we want to share with you how well your child is getting on and how you can help with their learning.

Parent Communication Questionnaire.

Thank you to those who have provided their feedback using the QR code at parents' evening. We are really keen to know how your views, what works well and what would be even better if. If you have yet to complete the survey: [click here for our online questionnaire](#) Your views and opinions will lead to change.

Year 6 SATs presentation

Thank you to Mrs Wintle who ran four SATs information sessions for our Year 6 parents. The presentation will be available on the website soon.

Maths Workshop for parents

On Thursday 7th February, Mrs Wintle will be running a parent workshop for parents and carers. We would love to see as many of you as possible.

Weekly Maths Challenge! **Always, Sometimes, Never**

Is it always, sometimes or never true that;

- The sum of three odd numbers is odd
- If you add two odd numbers you get an odd number
- The sum of three consecutive numbers is divisible by 3. (*consecutive means numbers that are next to each other, e.g. 4,5,6*)

Come and find Mrs Wintle next week to share your answers and collect 10 house points!

Have a great weekend and see you on Monday.

Mrs Maxwell

Friday 26th January 2024

DATES FOR YOUR DIARY
